Motivated Computer Science Engineering graduate with hands-on experience in JavaScript , SQL, and front-end development. Skilled in team collaboration, problem-solving, and delivering technical solutions. Looking for an entry-level role in a forward-thinking organization to use my skills.

EDUCATION

PVKK Institute of Technology   (August 15, 2021 - May 09, 2024)
B Tech, Computer Science & Engineering   7.4 CGPA

Government Polytechnic Anantapur   (June 14, 2018 - May 14, 2021)
Diploma   6.2

Class   (June 11, 2017 - March 24, 2018)
X   8.5 GPA

WORK EXPERIENCE

Intern, Vilindha Technologies Private Limited, Hyderabad
UI Developer

As an intern at Vilindha Technologies Private Limited, I gained handson experience in Javascript and SQL programming, honing my skills. Collaborating with a dynamic team, enhancing my knowledge and practical application of Javascript and SQL, and gaining valuable insights into the tech industry.

PROJECTS

Credit Card Fraud detection using Machine Learning
Credit Card Fraud Detection System is a sophisticated application utilizing machine learning methodologies to enhance financial security. This project focuses on real-time analysis of transaction data to detect fraudulent activities promptly. Key components include data preprocessing, feature engineering, and the deployment of predictive models to achieve high accuracy in fraud detection.

Dynamic Web Application Development
While attending a course at Naresh IT, I created a dynamic sample web application to showcase my skills in front-end development.
HTML5, CSS3, Bootstrap: Developed a responsive and visually appealing user interface. JavaScript: Implemented dynamic features, enhancing user interaction and functionality.
